No. 318/63/2019-Grid Connection Rooftop

Government of India

Ministry of New Renewable Energy

(Rooftop Solar Division)

\*\*\*

Block No. 14, CGO Complex

Lodhi Road, New Delhi

Dated: 10.11.2021

**Subject: Allocation of capacities to Electricity Distribution Companies (DISCOMS) under Phase – II of Grid Connected Rooftop Solar Programme**

This refers Ministry's order number 318/331/2017-GCRT Division dated 08.03.2019 vide which sanction was issued for launch of Phase-II of Grid Connected Rooftop Solar Programme for achieving cumulative capacity of 40,000 MW from Rooftop Solar (RTS) Projects by the year 2022 covering following components: -

- I. Component – A: Setting up of 4000 MW of Grid Connected Rooftop plants in residential sector with Central Financial Assistance (CFA).
- II. Component – B: Incentives to DISCOMS based on achievement for installing additional grid connected rooftop capacity in all sectors over and above the base level, with the incentive being limited to the first additional 18000 MW of rooftop capacity added in the country. Achievement above this level will not be eligible for any incentive.

2. The operational guidelines for implementation of this phase II of the Grid Connected Rooftop Solar Programme have been issued vide letter no. 318/331/2017- Grid Connected Rooftop dated 20.08.2019 (Copy enclosed).

3. Based on the demand received from DISCOMS, targets for the residential sector for the current year under the programme and operational guidelines; following is the DISCOMS wise allocation of capacities in residential sector under the phase II of the RTS programme for the current year: -

S. No.	Discom Name	State/UT	Capacity Allocation (MW)
1.	BSES Rajdhani Power Ltd	NCT of Delhi	5.0
2.	BSES Yamuna Power Ltd		3.0
3.	Chhattisgarh State Power Distributing Company Ltd	Chhattisgarh	5.0
4.	Jaipur Vidyut Vitran Nigam Ltd	Rajasthan	25.0
5.	Jammu and Kashmir Energy Development Agency	Jammu and Kashmir	20.0
<b>TOTAL (5 DISCOMS of 4 States/UTs)</b>			<b>58.0</b>

4. Allocation of capacities to the other DISCOMS will be considered upon receipt of necessary demands from the DISCOMS.

**File No.318/63/2019-Grid Connected Rooftop**

5. These allocations will be subject to fulfilment of all the term and conditions of the detailed operational guidelines vide OM No. 318/331/2017 – Grid Connected Rooftop dated 20.08.2019 and subsequent amendments, by the participating DISCOM.
6. DISCOMs are required to implement the programme through transparent bidding process within the timeline prescribed under the guidelines.
7. This issues with the approval of competent authority.
